OUR GRATITUDE OVERFLOWS

Thank you to hundreds of talented and generous, industry professionals who took the time to participate in our 2022 sample swap.

Providing the nonprofit industry with free samples of donor communications has been a pillar of the work we do at the DRG Group for more than a decade. We simply cannot do this work with you—the amazing DRG Community.

Your work continues to inspire us—thank you for sharing it with us!

With endless gratitude,

The DRG Group

Thank You

Gifts to the AdventHealth Tampa Foundation represent much more than a dollar amount.

Because of generous contributions from team members like you, we can support patients, families, and fellow employees.

Other ways to give

There are many ways to support AdventHealth Tampa Foundation: Bequests, IRA charitable rollovers, stocks, beneficiary designations, and more. I am happy to connect with you to help you find the right option.

“Our son, Parker, arrived to AdventHealth Tampa late at night by ambulance. He had already suffered three seizures. As parents, the unthinkable was running through our minds. It was the worst night of our lives. The doctors and nurses were compassionate and they helped us make sense of what was happening. AdventHealth made a hard experience as easy as possible – and has given us more time to love our son.”

– Jessie, mother of an AdventHealth Tampa patient

Dear Mr. [REDACTED],

The entire physiotherapy and occupational therapy team at Hotel Dieu Shaver wanted to say thank you for investing in the new Driving Simulation System!

Every day, our mission is to help rebuild the lives of patients who face incredible obstacles and challenges, but that involves more than our therapists & healthcare team - **it involves YOU!**

You make it possible for us to do far more than provide therapy for our patients. With your support, we now have this amazing Driving Simulator to help our patients regain their independence and overcome challenges that may have resulted from an illness, disabling injury, or health condition.

Thank you for believing in the work we do at Hotel Dieu Shaver. We look forward to keeping you informed on the difference your gift is making.

With gratitude,

Project Rollway 2022

Project Rollway is an annual fashion show held each summer at Shepherd Center that features fashion modeling by current and former teenage patients from our Adolescent Rehabilitation Program, which focuses on returning teenagers to the highest level of functioning and independence as possible after spinal cord or brain injury. This year's show was extra special as it was the first time it was held since 2019. The event provides a way for former patients to reconnect with friends and provides inspiration to current patients. They can look at the participants and see there is life after injury.

Adolescents who sustain life-altering injuries have developmental and emotional needs that are different from adults. The adolescent program focuses on helping these individuals return to a healthy lifestyle with the highest possible level of function and independence. Shepherd Center has more experience treating teenagers with these kinds of injuries than general rehabilitation facilities.

PROM

2022

It's Prom season in Atlanta, and the Shepherd Center Adolescent Program hosted their own prom last Friday night. Appropriately themed "Enchanted Garden," the adolescent patients enjoyed the night in our Anna and Hays Mershon Secret Garden. The festivities began with prom-style hair and makeup for attendees followed by dinner on the terrace. The party then moved to the picturesque-garden for dancing, karaoke, and pictures! A BIG thank you to Andee's Army for providing the resources to host this beautiful event. We are so grateful to the Shepherd adolescent team for planning this memorable and unforgettable evening! This event is just one of the many ways the Shepherd Center staff help patients, especially the ones in the adolescent program, feel normal. Going to Prom is like a rite of passage, so not having to miss it meant a lot to all attendees.
